

# Family Violence Prevention

## Instructions – Customizable Poster

---

If possible, send the Poster to the printer that will be printing them and request the changes to be made. If this is not possible:

1. Open the Poster template.
2. Delete the words “Information/Event Description”, and replace with a brief description of the relevant topic or event for your poster/advertisement.
3. Delete the words “Name of Organization/Event here” and replace with your organization’s name or event. Repeat for phone number.
